

JAG Competency-based Curriculum

The Jobs for America's Graduates (JAG) curriculum is based on the participant development of several core competencies, including:

- **Career Development**
- **Job Attainment**
- **Job Survival**
- **Basic Skills**
- **Leadership and Teamwork Skills**
- **Personal Skills**
- **Life Survival Skills**
- **Work Place Skills**

JAG Specialists use modules in designing an instructional program that best fits their participants. JAG modules are provided as a valuable resource but Specialists may use other materials to achieve competencies as long as attainment is documented.
