

LABOR SOURCE COMPANIES

Seeking full-time work? We're hiring!

We are a long-term staffing company having partnered with some of the most reputable contractors in the Carolinas since 1996. Our proven track record of excellence within the Commercial Construction Industry is unmatched. Please review the following positions and see if you match any of the required tools or experience as we would love to have you on board.

General Laborer - Mainly used for activities such as general construction clean-up, organization of materials/equipment, light construction needs, water removal and clean-up, encompassing all trades.

Semi-Skilled Laborer - Employee with some carpentry skills or skill related to the field for which we are recruiting. Employee can be a lead person for a group of general laborers and has relevant experience in the position.

We are always on the lookout for individuals who want to explore and/or continue to further their careers with both short and long-term commitments. A typically assignment is 1st shift. Depending on the position and contractor, some of the following items may be required at no cost to you.

- Background Check
- Drug Screening
- Certification/Training

Our territory manager, Abby, will be at the SC Works Career Center

on

Thursday 3/26 between 12:30-3:30pm

to interview candidates.
